

WIDER REACH FOR DEEPER MEETINGS

Hear and see it all with Owl Connect. Pair 2 Meeting Owl Pros in the same room to increase video and audio pickup range by 8 feet in any direction.

KEY BENEFITS

- **See and hear all of your in-room participants more clearly** with extended 360° video and sound.
- **Support larger meeting rooms and classrooms** with increased video and audio range.
- **Enable social distancing** so in-room participants can sit further apart without remote participants missing out.

HOW TO USE OWL CONNECT

1. Place 2 Meeting Owl Pros 6-8 feet apart in your meeting room or classroom.
2. Plug both Meeting Owl Pros into a power source, and plug 1 Meeting Owl Pro into the host computer.
3. Use the Meeting Owl app to pair your Meeting Owl Pros.
4. When your video conferencing meeting begins, remote participants will see the view of whichever Meeting Owl Pro is closest to the active speaker.
